72 OHMS, M17/211-00001 (UNARMORED), M17/211-00002 (ARMORED)

This specification is approved for use by all Departments
and Agencies of the Department of Defense.

The requirements for acquiring the product described herein shall consist
of this specification sheet and the issue of the following specification
listed in that issue of the Department of Defense Index of Specifications
and Standards (DODISS) specified in the solicitation: MIL-C-17.

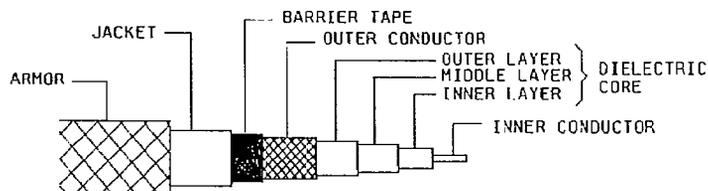

FIGURE 1. Configuration

TABLE I. Description.
