

## ADOPTION NOTICE

SAE AS5173, "Fitting, Bushing, Port, Reducer," was adopted on 26 May 2000 for use by the Department of Defense (DoD). Proposed changes by DoD activities must be submitted to the DoD Adopting Activity: Defense Supply Center, Columbus, DSCC-VAI, 3990 East Broad Street, Columbus, OH 43216-5000. DoD activities may obtain copies of this standard from the DoDSSP, Standardization Document Order Desk 700 Robbins Avenue, Building 4/D, Philadelphia, PA 19111-5094. The private sector and other Government agencies may purchase copies from the Society of Automotive Engineers International, 400 Commonwealth Drive, Warrendale, PA 15096-0001.

SAE AS5173 should be used instead of AN894 and MS24398, which was cancelled on 26 May 2000. SAE AS5202, referenced within SAE AS5173, has not been issued. Use MS33649 in place of SAE AS5202 until SAE AS5202 is published.

Note: To the users of this document, it is recommended that the use of carbon steel and cadmium plating be used only when other materials and finishes specified in SAE AS5173 cannot meet performance requirements.
