

**Non-Government Standards Report**  
**DSCC-VA**  
**4th Quarter, FY 2003**

The Document Standardization Unit (DSCC-VA) is the adopting activity for 624 and agent on 88 Non-Government Standards (NGS's) published by 25 Non-Government Standard Bodies (NGSB's). The table below illustrates the distribution of adopted NGS's.

| NGSB NAME   | NUMBER OF DOCUMENTS |
|---|---------------------|
| Society of Automotive Engineers                           | 159                 |
| American Society for Testing and Materials                | 158                 |
| Institute for Interconnection and Packaging Elec Circuits | 65                  |
| Electronic Industries Association                         | 56                  |
| National Aerospace Standards Committee                    | 36                  |
| Underwriters Laboratories                                 | 33                  |
| American Society of Mechanical Engineers                  | 28                  |
| National Electrical Manufacturers Association             | 14                  |
| American Petroleum Institute                              | 11                  |
| Manufacturers Standardization Society of V&F Industries   | 10                  |
| All other   | 54                  |

**DSCC-VA 4<sup>TH</sup> QTR ACTIVITY**

DSCC-VA has significant responsibilities in the Non-Government Standards arena. During the 4<sup>th</sup> QTR DSCC-VA coordinated the adoption of 5 additional NGS's and attended 13 committees and working groups for 4 NGSB. To accomplish our standardization mission related to non-government standards, we will insure maximum possible participation in all NGS committees where DSCC has a vested interest.
