Dear Supplier:

This letter serves as notification that the Defense Supply Center Columbus (DSCC), intends to enter into a partnership with AM General LLC to provide technical, engineering, and logistical services for HMMWV RECAP, using integrated supply chain management practices and interactive technology. This support will include support for 1,098 NSNs spare parts for the HMMWV (of which 1027 are DLA-managed NSNs). For the 1027 commercial DLA NSNs analyzed, small business participation should meet or exceed present levels; provided, however, DLA and its small business community rise to the occasion to meet the requirement of zero stock outages (100% availability) in a Just in Time manner.

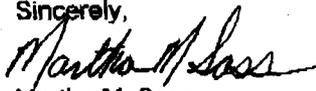

The Small Business Administration regulations (13 C.F.R. §125.2(d)(4)) require a federal agency to notify all small businesses currently performing contracts for requirements the agency intends to bundle, as defined in FAR 2.101, into a single solicitation. DSCC has identified your company as having supplied to the Defense Logistics Agency within the past five years at least one of the 1,027 DLA NSNs covered under this requirement.

You may view a complete listing of the NSNs and other information about this program on the DSCC web page, <http://www.dscclia.mil/offices/land/qwo.html>. You will locate this acquisition initiative under "Specialized Support" and then "HMMWV RECAP."

If you are a small business entity and have questions concerning this notice, please contact Eugene Drombetta or Dave Pattee, US Small Business Administration, P.O. Box 3990, Columbus, OH 43218. Mr. Drombetta or Mr. Pattee may also be reached by phone, (614) 692-2669 or (614) 692-0718, fax (614) 692-2388, or Email Eugene.Drombetta@dla.mil or David.Pattee@dla.mil.

If you are interested in subcontracting opportunities with AM General LLC, you may contact Mark Ruckert, Senior Manager of Purchasing at phone (574) 262-7464 or e-mail Mark.Ruckert@amgeneral.com.
