REFER TO DSCC-LX

August 12, 2005

Dear Supplier:

On July 28, 2005, we told you DSCC intended to work with AM General to support the HMMWV RECAP program, through which the Army will overhaul and upgrade HMMWVs. This letter explains the DSCC plan and provides contacts should you need assistance or have questions or concerns.

Protection of our industrial base, especially our small business suppliers, is a DLA priority. We believe this RECAP support effort will benefit both our warfighter customers and industrial base. RECAP support could represent a 50 percent increase over DLA's current HMMWV parts requirements. As part of our arrangement with the RECAP contractor, DSCC will remain the primary supply source for many of the parts. Because DSCC will need to maintain inventories at required levels, we will buy parts from current and possibly new suppliers. DLA also will continue to buy parts to support non-RECAP HMMWV demands.

We will make every effort to address your concerns and keep you advised of developments. We will post additional information as it becomes available on our website:
<http://www.dsccl.dla.mil/offices/land/gwot.html>. If you are a small business and have questions, please contact Eleanor Holland of our Small Business Program Office at 1-800-262-3272.

Sincerely,

Martha M. Sass
Contracting Officer
