# Was the conference beneficial?

What did you enjoy the most?

- All participants said the conference was beneficial.
  - Networking
  - Interaction between government and industry
  - Subcommittee sessions
  - Live demo of Tools
  - Counterfeit Parts discussions

# Recommendations

- Host a reception before or after conference for networking.
- Discuss environmental regulations on DOD systems.
- Solicit more industry participation.
- Provide case studies where parts management/control was implemented and successful.
- Provide subcommittee agendas prior to conference.
- Incorporate more discussion on obsolescence.
