

Parts Standardization & Management Committee

Introduction

1 November 2011

PSMC Leadership

DLA Land and Maritime
Fall PSMC, Seattle

Introduction

The PSMC is chartered by the Defense Standardization Program Office (DSPO):

- to advise and support the DSP in the development and implementation of parts management policy, procedures, and guidance
- to implement parts management reengineering recommendations, and
- to provide a standing forum for sharing parts management information and best practices.

PSMC Charter, November 2006

PSMC Organization

- **Committee Chair:** The Director, DSPO or an individual designated by the Director, serves as the Committee Chair

- **PSMC Advisory Group:** Composed of the Co-Leads, Subcommittee Chairs and Vice-Chairs
 - Government Co-Lead (DLA Land and Maritime)
 - Military Co-Lead (USAF)
 - Industry Co-Lead (Boeing)

PSMC Organization

(Continued)

- **Subcommittees:** Established by the Committee Chair and the PSMC Advisory Group to address ongoing issues or to accomplish projects of relevance to the Defense Standardization Program and the participants. Led by a Subcommittee Chair and Vice-Chair
 - Policy, Contracts, Systems Engineering & Education/Documentation
 - Parts Management Tools
 - Counterfeit
 - Charter
 - Marketing
 - Diminishing Manufacturing Sources & Material Shortages (DMSMS)

- **PSMC Participants:** Representatives from government and industry – new participants may be added by the Chair (contact DSPO)
