

INSTRUCTIONS

NSN Listing for Potential SDVOSB Set Aside Opportunities

1. Go to DLA Land and Maritime web site:

www.landandmaritime@dla.mil

OR

<https://pcf1.bsm.dla.mil/cfolders> (start with #5)

2. Go to the side bar and click on DLA/EBS Internet Bid Broad System (DIBBS)

3. Go Technical Data on the right side of the window

4. Go to DLA Collaboration Folders (cFolders) click on "I Agree"

5. Input your user ID and password

6. Go to the Filter for Solicitation link

7. Type in solicitation number SPM7LX10R9997* in upper case, no dashes and no spaces

8. Review nomenclature and sub-folders

9. Click on Material Numbers to access drawings for downloading

The purpose of supplying the data packages is for market research only, active solicitations will be posted in DIBBS. Solicitation SPM7LX10R9997* (must include asterisk on solicitation) is ONLY a dummy solicitation where the drawing packages are stored for the convenience of Service Disabled Veteran Owned Small Businesses. Note! These drawing packages are not current and are only intended to provide vendors with a preview of the data requirements, and will need to be validated prior to use to support actual DLA solicitations. For additional help in accessing the cFolders you can call 1-866-335-4357.

Complete the manufacturing capability survey located at bottom of page located at: <http://www.dsc.dla.mil/offices/smbbusiness/>. Be sure to identify all of the NSNs your company is able to provide on the survey form. A sample of a completed survey is also linked on this page. This survey will be used to identify whether we meet the 'rule of two' for SDVOSB set asides. Since our SDVOSB review is a manual process, be patient during this time.

NOTE: In the meantime, go to DLA-EBS Internet Bid Board System (DIBBS) to search open solicitations, and if any, quote. Don't forget to set up your DIBBS profile to receive solicitation alerts.

Please contact DLA Land and Maritime Office of Small Business Programs at 800 262 3272 or SDVOSBLandMaritimeOmbudsman@dla.mil with additional questions.
